The Future Faculty Fellows Program (3FP), sponsored jointly by the Graduate School and the Center for Teaching and Learning, is a year-long professional development program that brings together 15 innovative and dedicated teaching assistants from across campus to talk about, reflect upon, and improve their teaching, while contributing to their preparation for the academic job market and the rigors of their first faculty positions. Experienced teaching assistants with demonstrated commitment to teaching excellence and who will be preparing for careers in higher education are invited to apply.

See https://www.ctl.uga.edu/grad-student/3fp/ for more information about this program.

This program has been running since 1990, when it began as the TA Mentor program. Here we provide you with information on participants in the program from more recent years.
