

## Multiple Means, Image Description

This text repeats the information found in our “Multiple Means” image, on our [Universal Design for Learning resource](#).

### **MULTIPLE MEANS OF ENGAGEMENT**

Stimulates motivation and sustained excitement by making learning material relevant to *all* students, provides choices and variation in teaching and learning, and creates structure to maximize success.

### **MULTIPLE MEANS OF REPRESENTATION**

Makes information accessible in wide variety of ways to maximize, reinforce, and enhance individual understanding and utility across a variety of contexts.

### **MULTIPLE MEANS OF ACTION & EXPRESSION**

Offers options, supports, and communication in the learning environment through maximizing the use of technology so students can create and share what is being learned in ways that are varied, effective, and capitalize on their strengths.
